

# Abstract formatting instructions

- All abstracts must be typed in Times New Roman (or equivalent), in font size 11, and single-spaced.
- The abstract should not exceed 300 words (author name and affiliations, abstract titles, tables, and figure legends are not included in the word count).
- All abbreviations must be defined at first use except for the very well-known.
- Original research or case reports are accepted.

## Structure of each abstract type:

- Original research: introduction, methods, results, and conclusion
- Case report: introduction, case presentation, and conclusion
- Table/figure: a maximum of 1 table or 1 figure can be included. All tables/figures must be cited in the abstract.
- Graphs and figures can be attached in \*.jpg, \*.jpeg, \*.gif, or \*.png format. The maximal pixel size of the graphs or figures is 500 x500 pixels.
